

# Retail Summit II

Portland, Oregon

January 23, 2018

## Agenda

The purpose of Retail Summit II is to establish a new group to explore and develop the next generation of standards for the retail supply chain. Deployment of a new standards committee under the X12 umbrella will benefit from the skills, successes and lessons learned from nearly 40-years of electronic commerce standards leadership.

At Retail Summit II the participants will lay the foundation for a new entity, declare its vision, set an agenda and put into motion the next steps to build the next generation retail supply chain.
